

DEBATE HALL

INDEPENDENCE DAY

Cape May Prepares to Celebrate with Monster Parade.

Special to The Washington Herald.
Cape May, N. J., June 30.—Visitors from Washington and vicinity are beginning to arrive and every straw point to a most successful season at this resort. The colony from that section is increasing in numbers here every season, and the old resort is taking on the life of the parents and grandparents of the present visitors.

The cottage colony has reached its full complement, and the swelling of the numbers here will now come with the crowding of the hotels. The hotel season practically opened today, when the mammoth Hotel Cape May and the Hotel Lafayette, the two largest houses here, swung open their doors for the welcome of guests, and the season for social activity was fairly started on its summer course tonight.

Cape May will celebrate probably as big a Fourth of July this year as it has in its history. During the winter and spring the resort authorities have been building an immense convention hall and pier on the ocean front, and this \$100,000 structure will be ready for dedication and opening on Independence Day. An elaborate program has been arranged with a naval band parade, in which the Naval Reserve men from the Cape May base will parade, along with civic and other organizations. The dedication and patriotic exercises will be presided over by Mayor Stevens, and the oration of the day will be delivered by Senator Thomas F. McCran, of New Jersey. A grand ball will end the day's events. This will take place in the auditorium of the new pier.

For the Red Cross, Cape May produced a little over \$2,000 beside that raised at the dance given at the Red Mill last night. The Red Mill is to Cape May what the Casino is to Newport, and these Friday dances have been the meeting place of the select summer society at Cape May in the past three seasons.

The ocean water has risen in temperature sufficiently to make bathing most excellent, and at the popular bathing hour, between 11 and 1 o'clock, the edge of the Atlantic Ocean is filled with bathers.

The fishing in Cape May Harbor and off in the ocean is excellent and large catches are being made.

The golf links, which are within thirty minutes' walk of any hotel and cottage here, are being liberally patronized and the number of players on the course shows that the interest in the club is increasing each season. The links cover an expanse of ninety acres and from the clubhouse there are both excellent views of the seashore and country.

William W. Atterbury, general manager of the Pennsylvania Railroad, and Mrs. Atterbury have taken a cottage on the beach front which Mr. Atterbury purchased last autumn.

Mr. and Mrs. T. H. Teas, of Marion, Va., have taken a cottage on New Jersey and Pittsburgh avenues for the summer.

Miss M. A. Martin, of Annapolis, is staying at the Columbia Hotel for the season.

Mr. C. Powell Minnergerde, secretary of the Corcoran Art Gallery, of Washington, and family, are staying at the summer at the Chalfonte Hotel.

Mr. and Mrs. William Hogue, of Washington have taken apartments at the Chalfonte Hotel for the summer.

Mrs. James Pleasant, well known as a social leader of Richmond, Va., is at the Chalfonte Hotel to pass the summer.

Mrs. Nathan C. Wyeth and Mrs. Wilcox, of Washington, are at the New Stockton for a long sojourn.

Mr. and Mrs. J. W. Henderson, of Easton, Md., are spending the summer at the Windsor Hotel here.

Mrs. A. M. Thomas, of Washington, is occupying her cottage on Columbia avenue and will entertain a number of week-end parties during the season.

Capt. Robert Sewell, son of the late United States Senator Sewell, of New Jersey, and Mrs. Sewell, who was Miss Bates, a daughter of Gen. John C. Bates, U. S. A., are in occupancy of their cottage at New Jersey avenue for the summer.

Miss Louise, national secretary of the Girls' Friendly Society, has been here this week arranging for the care of the weekly outings of the members of the society in their Cape May summer houses.

The Ladies' Co-operative Improvement Society and the Volunteer Fire Company, of Silver Spring, Md., held a joint meeting Monday evening, to make final arrangements for the annual carnival which this year is to be held on the afternoon and evening of July 4 and the evenings of July 5 and 6. Senator Blair Lee, of Maryland, has invited the management to hold their carnival on his grounds. There will be speeches during the afternoon of July 4 by Senator Lee and Hon. H. Maurice Talbot, of Rockville, Md., and the management of the Maryland National Guard, commanded by Senator Lee's son, Capt. Brooke Lee, is to give a special drill July 4.

The plans agreed upon by the committees in charge embrace many attractions and amusements. A special and extra size dancing platform is to be erected. Saunders' Band, known for its good dance music, has been engaged for the entire carnival, including Wednesday afternoon. Baseball games, races, fun-making and mirth-provoking sports have been provided for the daylight amusement, with suitable prizes to be awarded. Booths and stands to be artistically decorated are to be erected to accommodate the many attractions.

It has been arranged for the fun to start at 2 o'clock July 4, and it is to be kept in full swing until midnight. On the other days the carnival will open at 6 p. m. and close at 12 p. m. Admission is free at all times.

The committee on transportation reported arrangements with the street car company to run extra cars for the accommodation of the city folk. The street car company has also agreed, on the days of the carnival, to carry dash signs on the front of the Ninth street cars marked "Forest Glen" and "District Line."

As practically everything has been donated to the carnival it is agreed that all refreshments, amusements and dancing shall be most reasonable prices. The carnival is given for the benefit of the volunteer firemen for apparatus and the ladies' society for the upkeep of the street lights of Silver Spring.

A recently invented sanitary drink fountain for horses provides a convenient receptacle into which the water enters from the bottom so that the overflow keeps it clean.

WOMAN DETECTIVE IN CRUGER CASE, GIRL VICTIM AND ONE WHO ESCAPED.

Mrs. Grace Humiston, central figure in the Ruth Cruger case that has aroused New York, who announced her intention of devoting her time from now on to ferreting out white slavers and ridding the metropolis of them.

It was through Mrs. Humiston, who is a woman lawyer, that the body of the missing high school girl, whose picture is shown on the left, was found in the cellar of the motorcycle shop of Alfredo Cocchi. The insert on the right is that of Philippa Mureal, young girl who narrowly escaped the same fate as Ruth Cruger from the hands of the Italian, and whose story substantiates Mrs. Humiston's statement that the "slavers" are active.
